

Taking Action on COVID-19 (coronavirus)

“We value the trust you place in Colados, please know we are committed to doing what is right for you and our team members”

– Berni Reina, President and Owner

Since we opened our first location in 2014, we have been committed to providing a safe and healthy dining environment, recognizing your well-being and that of our team members must be our priority...This Remains To Be True! With the recent concerns on COVID-19 (coronavirus), I want to personally share the precautions we are taking to address these concerns.

Guided by the recommendations from the CDC (Centers for Disease Control and Prevention), city, state, and other local public health authorities, we have increased our sanitary practices and have taken additional precautionary measures to maintain the highest standard of sanitation and cleanliness in all of our locations. Although there are no reported cases among our team, we ask that any guest who is feeling unwell, to please refrain from visiting us to ensure we continue to offer a safe dining experience in order to ‘Make Your Day!’.

We thank you for your loyalty over the years and appreciate your support while we navigate through this unprecedented time.

Sincerely,

Berni Reina

President and Owner, Colados Coffee, Inc.
